NOTIFICATIONS.

Octacamund, August 24, 1911.

No. 455.—It has come to the notice of the Government of India that the new arrangements under which pilgrims to the Hedjaz are required to have their passports visaed by the Turkish Consul-General, Bombay, and to pay a fee of 20 *piastres* for the visa, are not working smoothly and that the pilgrim assents to this unpopular tax with the British Government. The Government of India therefore think it important to give prominence to the fact that the new procedure is entirely the work of the Turkish Government and that it is not the result of any action of the British Government but that on the contrary that Government has made strong representations against it.

No. 408.—His Excellency the Governor in Council, with the previous sanction of the Governor General in Council, is hereby pleased to declare under provisions of section 24 of the Madras Forest Act V of 1882 that the area specified below, which in notification No. 441, dated 7th September 1892, published at pages 1199–1200 of Part I of the *Fort St. George Gazette*, dated 20th September 1892, was declared to be reserved forest under section 16 of that Act, shall cease to be reserved forest with effect from the 1st November 1911.

SPECIFICATION OF LAND DISAFFORESTED.

Name of reserve or portion of reserve disafforested.	District.	Taluk.	Village.	Area in acres.	Boundaries.
21 Gudalur portion.	Chingleput.	Chingleput.	Nimmapuri .	About 2 acres.	*North and East*.—Starting from the south-west corner of revision survey No. 380, the line runs along the east side of revision survey Nos. 380 and 384 up to the point where the east side of survey No. 384 turns west. *South*.—Thence along the south side of revision survey No. 384 to the point where it turns south again. *West*.—Thence a straight line northwards to the starting point.

Brief description.—The portion proposed to be excluded is an irregular polygon with sparsely forest growth and with walls built by private owners along the margin of the boundary.

Reason for disafforestation.—The area proposed was actually excluded from the reserve owing to incorrect demarcation on the ground though the notified boundary includes it within the reserved forest. It has since been brought under cultivation and open wells have also been sunk in it. It is now impossible to demarcate on the ground like the notified boundary without disturbance to the cultivators. The Survey department has adopted the incorrect demarcation as the reserve boundary at the revision survey of the district.
